Calculate Your Price for a Product

1. Look for the “Pricing” area on the left side of the page.
2. Enter the amount of the product in the “Quantity” text entry box.
3. Select your desired package type from the “Package” drop-down menu. This is handy if you know you want to order by the carton or pallet.
4. Some customers are eligible for discounts on certain products. If you know the discount that will apply to your order, select the appropriate discount using the “Discount Type” menu.
5. “Your Price” will be calculated below instantly.

If your standard pricing options have not yet been established for this product, or if pricing for this product depends on some specific options, you’ll see a message directing you to contact Simpson Strong-Tie Customer Service for assistance.

View the Availability of a Product

6. Availability information is shown below the pricing area. This shows you the quantity of product currently available at your local branch. If the quantity of product you entered above is greater than the quantity in stock at your local branch, the text in this area will be red and be displayed with an “X” next to it.
7. You can view the national availability of products by clicking on the “View Nationwide Availability” box. Please note that you will still order through your local branch.
